

REPORT FROM CHILHAM'S FUTURE DELIVERY BOARD

Since July we have continued working towards our goal of rejuvenating Chilham Square and have ...

1) asked for an update on our funding application to Kent Downs and Marshes Leader programme for our Community Engagement exercise and been advised that, before we could get our decision, they were making enquiries with ABC and KHS regarding future maintenance responsibilities if our project was implemented

2) worked with Chilham Traders Group and made an application to Village SOS (a joint initiative by the BBC and the Big Lottery Fund) to fund the rest of our project. Village SOS have notified us that our application meets their acceptance criteria along with around 200 other village projects. Village SOS have also conducted a telephone interview to collect more information about our project and we should know whether we've made into their short list of 30 in December
