

REPORT FROM CHILHAMS FUTURE DELIVERY BOARD

An open meeting was held on 25th March to collect feedback about the community engagement exercise planned for our project to return the Square to a safe and attractive space for the community that also creates an enjoyable destination for visitors.

Based upon the feedback, CFDB have decided that the first step in the community engagement exercise will be an open workshop for the community to agree the set of clear design parameters to be taken forward in further workshops that will also involve statutory stakeholders.

The workshop will be at 7pm on Thursday 27th May and will be open to all members of the community ... any person wishing to attend will need to contact CFDB by 14th May by email info@chilhamsfuture.co.uk or phone 01227 752424 in order to arrange a place on this workshop. This will enable CFDB to confirm numbers and make appropriate arrangements the workshop.

CFDB consider that this is the best approach to accommodate the breadth of views raised at the open meeting ... these views ranged from "do nothing" through "a solution to address highways issues" to "a wider reaching solution to address local economy and community issues".

Details of the open workshop will be made available through village noticeboards, the local press and Parish News as well as CFDB and parish council websites. The CFDB noticeboard can be found outside Chilham post office.

Parishioners are encouraged to get involved and find out what's happening.
